

Sterile Sharpie Marker Pens

Triple-bagged

Our Sterile Sharpie Marker Pens are cleanroom packaged and terminally gamma sterilised for use in cleanroom, isolators and aseptic environments. Triple-bagged polypackaging supports safe and swift aseptic transfer of our pens, reducing the risk of cross-contamination and reducing processing time. Our fine-tip black markers are ideal for the precise labelling of polybags, vials, syringes and labels.

Features and Benefits

- ✓ Permanent writing on most types of surfaces
- ✓ Quick drying, non-toxic black ink
- ✓ Fine tip for precise writing
- ✓ Low-linting, triple-bagged polypackaging supporting aseptic transfer procedures
- ✓ Terminally sterilised for assured use in aseptic environments
