

With the leaves beginning to fall and the weather starting to get distinctly colder, we would like to welcome you to issue 10 of our Helapet newsletter.

We have crammed in as much information as we can to cover all cornerstones of the Helapet business, including important Christmas closure information to help you forecast future orders before the holidays begin. We hope you find our newsletter valuable. Please share your feedback to help us improve our content by contacting [info@helapet.co.uk](mailto:info@helapet.co.uk).

## Our Large Individual IPA Wipe gets the “triple-bag” treatment

Responding to market demands in the packaging of cleanroom consumables, Helapet are pleased to offer our Large Individual IPA Wipe in sterile triple-bagged packaging.

The launch of this new format presents customers with an appealing bulk transfer solution into grade A cleanroom environments, reducing consumables, time and labour. Presenting three sterile barriers in one handy package, each layer can be carefully removed for each stage of the material transfer process.

Each economically sized wipe delivers high quality disinfection performance, ideal for cleaning of medical devices, vial tops and small surface areas.

Why not trial this product for yourself by requesting a free sample. Call **01582 501980** or email [sales@helapet.co.uk](mailto:sales@helapet.co.uk).

View *more triple-bagged* products at the **NHS QA Symposium 2017**, Crown Plaza Hotel, Chester Tuesday 7th and Wednesday 8th November

## Helapet set sights on ISO13485:2016 accreditation

Demonstrating our commitment to the quality manufacture, assembly and packaging of our products, the Helapet team have been busy aligning our quality management systems to achieve the latest **ISO13485:2016** accreditation.

ISO13485 has always been a highly recognised international standard, applicable to organisations involved in one or more stages of the life cycle of medical devices. For us it is a stamp of quality that accurately reflects how Helapet maintains the standard of our products and services.

“ *Having completed an initial 2 day transition audit, we were delighted to receive confirmation that we had effectively implemented the requirements of ISO13485:2016 for the processes assessed. The final assessment is scheduled for July 18th 2018 and we are pleased to be on track.* ”

Ben Miles (Managing Director).

Learn more about **ISO13485:2016** online or contact Dean Marsh, Operations Manager on **01582 501980**.

## Helapet join up with BCMPPA, extending reach in contract cleanroom packaging services

Helapet has recently become a member of the British Contract Packers and Manufacturers Association (BCMPPA), recognising our capabilities in contract cleanroom packing, bagging and liquid-filling.

The BCMPPA is recognised as a leading trade association for packaging services across UK and Europe with 130+ members, all with established reputations in several industry sectors.

As a business Helapet understands that packaging can be just as important as the product itself, especially when dealing in healthcare and pharmaceuticals. Using our in-house ISO Class 7 rated cleanroom facilities and experienced workforce, we can provide contaminant-free assembly, processing and sterilisation management.

View our accreditation and further details of our contract cleanroom services at [helapet.co.uk](http://helapet.co.uk). If you have a project in mind that you would like to discuss with us, please contact **01582 501980** or email details to [sales@helapet.co.uk](mailto:sales@helapet.co.uk)

### Karolina Bielawska

Since joining the Helapet team in 2015, Karolina has been an essential part of cleanroom production, involved in aseptic filling; bagging; and production of our range of in-line disc filters.

**Karolina Bielawska**  
Quality Compliance Officer

This year Karolina was promoted to the role of **Quality Compliance Officer**, becoming responsible

for the quality assurance and control of Helapet produced products. Her duties include the quality management of warehouse goods in and good out as well as handling technical product enquiries.

Karolina is currently helping to update our quality management systems, supporting our progress towards **ISO13485:2016** accreditation.

Karolina can be contacted on **0203 714 0562** or by emailing [karolinab@helapet.co.uk](mailto:karolinab@helapet.co.uk).

### Helapet appoint dedicated Account Manager to boost growth of in-line filters

As part of our continuing growth in the manufacture and supply of in-line disc filters, Helapet is pleased to have Tiffany Hussain on board. Tiffany brings over five years of specialist knowledge in biomedical science and filtration, making her an ideal first point of contact for our filter customer base.

Complementing the introduction of our new production equipment to help boost filter productivity, Tiffany will deliver a quality personal service and develop client relationships both domestically and overseas.

*"I am excited to take on my new role. With my key knowledge in filtration, I look forward to meeting our diverse customer base as well as discovering new ways in which we can help our future filtration business."* says Tiffany.

Tiffany is available now to discuss your questions, comments or consult on any new filter projects. Call her today on **+44 (0)7425 862413** or email [tiffanyh@helapet.co.uk](mailto:tiffanyh@helapet.co.uk).

**Tiffany Hussain**  
Account Manager - Filtration
