**For Immediate Release**

## PRESS RELEASE

---

### Home Chemotherapy Spill Kit

In response to the growing practice of patients being administered chemotherapy drugs away from oncology centres in hospitals, Helapet launches the **'Home Chemotherapy Spill Kit'**.

"There is clearly a requirement for a single use, 'grab & go' spill kit, for use in the event of accidental spills of chemotherapy drugs in the home environment." states Glenn Kenworthy, Marketing Manager at Helapet. "We are responding to the needs of our customers who are at risk without a simple, easy to use method of dealing with an accidental spill."

The kit is available NOW from Helapet, packed as six kits per case. For further information and FREE samples please contact the Helapet sales team on 01582 501980 or via email at: [sales@helapet.co.uk](mailto:sales@helapet.co.uk). Alternatively you may view our entire catalogue online and request samples from our website at: [www.helapet.co.uk](http://www.helapet.co.uk)
