

Press Release

Helapet is delighted to announce that the appointment of ISIS Ltd as its distributor in Ireland commencing on September 1st 2011.

Based in Bray, Co. Wicklow, Isis has particular expertise in the Irish healthcare and life science markets. Established in 1997, the experience and commitment of its sales people is clearly evident. Isis has a proven track record in sourcing high quality products for healthcare professionals within its market place.

“The Helapet product range complements our existing lines and we look forward to serving customers in Ireland for many years to come” says Michael Ensor, Product Manager at Isis.

John Blight, Helapet’s General Manager says: “We are always looking at ways to improve our customer service and we believe, by appointing **Isis**, that our customers will not only benefit from significant cost savings on carriage, but also in speed of delivery and readily available help and advice.”

From September 1st Helapet’s customers in Ireland can place their orders directly with Isis. Here are the contact details:
