Date: 1st January 2012
Title: **Appointment of John Blight, Managing Director, Helapet**

Helapet are delighted to announce the appointment of John Blight as Managing Director of the Company. John has overseen the continued growth of the Helapet brand since being appointed as General Manager in 2008. Since then, he has successfully forged the company's continued competitiveness against challenging market conditions, and his promotion comes in recognition of this achievement. We would like to offer John our congratulations, and look forward to continued success in 2012.

John : "I will be taking up this appointment at a very exciting time for Helapet. 2011 has been a year of solid growth for the business. We will be moving to new, larger premises early in 2012 and this will give us the opportunity to expand even further and develop new products and new markets. I am really looking forward to it. "

John Blight
