Title: New Sterile bulk Packed Syringes

Helapet are delighted to launch the new PharmaPack[®], bulk pack range of sterile syringes for aseptic manufacture.

Using bulk packed sterile Syringes in high volume aseptic manufacturing units not only offers economic advantage, but the convenience and cost savings of reduced packaging waste.

All sizes of luer lock syringes are now available in packs of 10's and 25's conveniently bulk packed for efficient working practice.

For more information on the new PharmaPack Syringes, please contact Helapet on 0800 0328 428.
