Title: Tipped Capped Syringes for Bulk Aseptic Manufacturing

PharmaPack[®] syringes are now available with tipped caps for maximum aseptic security. Each syringe has its own security cap and are bulk packed and orientated the same way for optimum efficiency in the aseptic unit.

Using **PharmaPack**[®] bulk packed sterile syringes in high volume aseptic manufacturing units not only offers economic advantage, but the convenience and cost savings of reduced packaging waste.

PharmaPack[®] syringes have metric graduations thus avoiding the confusion and inaccuracies that can occur when using dual measurement products.

All sizes of luer lock syringes are now available in packs of 10's and 25's conveniently bulk packed for efficient working practice.

For more information and FREE SAMPLES, please contact our sales office on **0800 0328 428** or visit our website for more details.
